## ACHIEVEMENT

1 - My graduation project the National Products Marketing Site (NPMS) about eCommerce. using PHP and it was multi vendors website

2- I designed a car rental website (A-H-C). using php Laravel

3 - Achieve My project using php which it was about eCommerce and it was multi vendors website

4 - (My first project In tahaluf using Asp.net core MVC which it was about eCommerce and it was multi vendors website)=> {

Most owners of handicrafts have difficulty communicating their creative ideas or designs to their buyers, as well as most buyers do not work with these handicrafts to purchase them

}

5 - (My second project In Tahaluf using Asp.net core Web API and Angular which it was about charity d it was multi users website)=>{

This website aims to help the poor and needy in securing their services through various charities by selecting the charity to which you want to donate, and then paying through its charitable portfolio

}

6 - I have created many pages like dashboard admin ,dashboard user etc....
